

Chandler's Majority Estimated 1,000 to 1,500

A man whose business takes him well over the first congressional district and who usually votes the democratic ticket, makes the statement that "conservatively speaking" Chandler's majority over Howard in the race for congressman in the first congressional district will be about 1,000 to 1,500.

He further stated that he found on his rounds that the democratic supporters of Chandler were the most enthusiastic in their praise of Bert Chandler for the simple reason that he has made, in all war measures and his support of the president, a wonderful record.

"I find also," said the gentleman, "that the Cherokees, Delawareans and Shawnees of the old Cherokee nation are solid for Bert Chandler for congress regardless of politics. This content that he has been weighed in the balances and not found wanting in any respect or measure. That the record of Chandler in congress gives the lie to the ravings of Howard's henchmen, that he has proved false or refused to vote, etc. Such an act does not go down as democratic for we read and keep posted."

In the language of President Wilson, "this is no time for swapping horses, let well enough alone."

Here is a careful estimate of how the counties of the first congressional district will vote next Tuesday giving the majority each county will get:

Chandler's majority:
Pawnee county, 300
Ottawa county, 450
Washington county, 250
Nowata county, 300
Ottawa county, 250
Total majority, 1,550

Tulsa did not vote in 1918, but leaning to Chandler.

Howard's majority:
Rogers county, 300
Maxwell county, 250
Nowata county, 300
Total majority, 850

It is estimated that there is no chance in the world for Bert Chandler.

The election in Oklahoma the first time in the history of the state has been held for the members of the house of representatives and the senate. The voters have been asked to elect a man to represent them in congress. The voters have been asked to elect a man to represent them in congress. The voters have been asked to elect a man to represent them in congress.

From Mexico threatening their rights. Ask the citizens of Coahuila county who when their government was held up when threatened destruction to the power houses, took up their arms and fought the battle of the electric light plant.

Ask the citizens of any other part of this district who have been loyal to the United States, who have made good their promises to a fair election, and they will tell you Bert Chandler.

Now, if you want to win the war, want freedom and happiness for the people of the whole world, want the principles of Jefferson and Lincoln to prevail throughout the world, vote for the man tried, true, patriotic, just, best Chandler. He has a liberal mind. To him democracy, republicanism and civilization are synonymous for Chandler stands for a free world.

Lieutenant Killed.
MARTIN, Nov. 2. Lieutenant Irving Thomas, of Chertsey, Va., was fatally hurt and his companion, Lieutenant Claggett, injured, when an airplane they were flying from Camp Field fell one hundred feet at a landing field here today. Lieutenant Thomas died in a hospital shortly after the crash.

BOYS CLUB AT 'Y' IS TO BE OPENED AGAIN

With Raising of "Flu" Ban Regular Meetings Will Be Resumed Next Wednesday.

With solemn and proper ceremonies, the club will be officially lifted Wednesday night from the regular weekly meetings of the Boys Business club of the Y. M. C. A. and the membership campaign will start in earnest.

Tulsa's quarantine on account of the "flu" epidemic has caused a suspension of these meetings, but with the anticipated cessation of three weeks enforced attention to health measures with practically no recreation, the opening Wednesday night will certainly be a bonanza. Now comes a tip, boys, there is to be a good old-fashioned hay ride pulled off real soon that you will have to attend the meeting to get the further particulars concerning destination, route of travel, whether "also" packing to be invited or not, and most important of all, the kind of rats that are to be supplied. Since the flu epidemic knocked the long-anticipated Halloween party all to smithereens, this hay ride will have to be postponed. Get your crowd together and take them with you to the opening meeting. It will be a treat to them to see what a real hay ride really is from this inside, and then they will want to join before the hay ride comes off.

The Boys Business club of the Y was organized last year by C. S. Burkholder, secretary of the boys' division of the Y. M. C. A., and is one of the most popular clubs in the city. Every member is a live wire, and while all live wires in Tulsa are not members, the bars are down now, and a campaign will soon be put on to recruit every one of them into this club that actually does things, and does them up brown.

Meetings are held every Wednesday night at the Y and after a short session devoted to the business affairs, the remaining hours of the long winter evenings are spent playing good old rough-neck boys' games, followed by an exciting swim in the Y pool. The swimming pool is reserved for the boys of this club on this evening of the week.

An unusual result of this boy's club is the club newspaper, the Tattle, published weekly and edited entirely by the boys and young men of the club. This news sheet is up-to-date and newsy in every respect, is well gotten up, carries a line of interesting advertisements and is a credit to many high school and college journals.

The editorial staff is composed of Joe Schmidt, editor-in-chief; Joe Tucker, business manager; Edward Chance, social editor; Clyde Henson, city editor; and Fred Bennett, sports editor. David Evans is president of the club, succeeding Clarence Bullington.

FOOTBALL GAME EASILY WON BY THE TULSA BOYS

Bartlesville couldn't even entertain Tulsa yesterday when the two teams met on the gridiron of the local stadium, for without apparent effort, Tulsa ran the score to 79 against her opponent's goose-egg.

Outclassed in team work, speed and weight, the visiting team had little chance, but they put up a good clean game from start to finish. Local men outweighed the visitors about 10 pounds. Also Bartlesville was laboring under difficulties, as it is said that five of their regular men are out because of influenza.

As usual Kees and Carter starred in the back field with all men playing back positions running close seconds. The spectacular play of the combat was staged when Hendricks made a forward pass to Carter who received the ball while standing on the shoulder of Kees, far above the reach of the defense. Hendricks showed splendid head work through the entire battle.

The line put up a good scrap with Zoller in the lead.

A splendid crowd witnessed the game and much comment was heard on the new stadium.

DID NOT HAVE PERMIT TO TRAVEL AND IS ARRESTED

That alien enemies will have to be careful as to how they step about was evinced yesterday by the arrest of Cecilia Satorio of 210 West Fourth street.

Cecilia lived in Bartlesville and had registered there and upon deciding to remove to Tulsa she called at the identification office to get a permit. She found the expert gone and boarded the train without further effort. She has been employed in a beauty shop here until yesterday, when the council of defense ordered her arrest. She is in the city jail awaiting instructions from headquarters.

Davison Honored by Albert.
HAYLE, Nov. 2. King Albert of Belgium has conferred upon Henry P. Davison, chairman of the war council of the American Red Cross, the order of Leopold, the highest Belgian decoration. The decoration was given Mr. Davison following a reception near the front by the Belgian king and queen.

No More Useful Present Than Lawson Heater

ture—has a glowing-hot inner

No other gas heater is like the LAWSON ODORLESS. It gives out more heat than ordinary gas stoves of two or three times its size and price.

Its heat is RADIANT heat, like the sun's. Does not devitalize the air you breathe; does not rise to the ceiling.

No open flame!—but a glowing "heart." And the LAWSON is odorless — absolutely! Economical, too. It consumes ALL the gas, at high temperature combustion chamber.

JOHN M. GOLDESBERRY, of Collinsville Republican Party Candidate for County Treasurer

Mr. Goldesberry is not a confirmed office seeker. He is running solely for the reason that his friends wanted a man of his calibre to represent them. He is a lawyer of wide experience and has an intimate knowledge of all tax questions which will at once be of great benefit to the county. He has handled more estate litigation successfully than any other lawyer in the counties adjoining Tulsa. A vote cast for John Goldesberry will mean that the treasurership of Tulsa county will not only be in competent, but safe hands.

MUNROE

For County Attorney

Thomas I. Munroe, the democratic nominee for county attorney, has been closely identified with the professional, business and civic interests of Tulsa for eight years. He has practiced law successfully for 17 years. His wide experience in the criminal practice in the state and federal courts particularly qualifies him for a prosecuting officer. His conduct as a citizen and his professional standing has never been questioned. He has the confidence and respect of the people which is the highest compliment that can be paid to a candidate for office. After all, a man's record as a citizen is the acid test of his qualifications for a position of public trust.

As your county attorney may he not be depended upon to see to it that respect for all law be maintained and that the principles of good government and common decency be preserved in this community? Register your verdict at the polls.
